PREVENTIVE CARE

In-network preventive care services—including but not limited to breast exams and mammograms, pap tests, testing for colon cancer, and screenings for blood pressure, cholesterol and diabetes—are included in your health plan. After logging in to myCigna, you can quickly search for an in-network provider near you.

NUTRITION RESOURCES

Through Foodsmart, you can meet with a registered dietician—virtually or over the phone—to customize a program for weight management, gut health, IBS, diabetes, hypertension, or heart health. Additionally, you can sign up to receive discounted, home-delivered meals through the Mom's Meals® program. You can access both resources after logging in to myCigna.
